

Pulitzer Awards Made For 1933; Differences Of Opinion Disclosed

Contrast Arose Over Selections for Winners in History Work as Well as in Drama and the Novel—The Prices in Letters.

New York, May 8 (AP)—Differences of opinion in selecting the 1933 Pulitzer prize winners in history, as well as in drama and the novel, were disclosed today with the formal announcement of the full list of awards. The advisory board of the Columbia School of Journalism named "The People's Choice," by Herbert Agar for the history prize; "Lamb in His Bosom," by Caroline Miller of Baxley, Ga., for the novel prize, and "Men in White," by Sidney Kingsley as the best American play.

At the same time it was officially announced that the drama and history jurors had recommended other works to the advisory board. The differences over the selection of "Lamb in His Bosom" were explained by the jury with the assertion that it had submitted two titles: Mrs. Miller's book and "A Watch in the Night," by Helen C. White.

Taking cognizance of a controversy stirred up by premature publication of the drama award, Columbia University made known that two of the three history jurors had voted for "Over Here," the fifth volume in the "Our Time" series by Mark Sullivan, while a third juror recommended no award be made. Likewise it was revealed that the three drama jurors had unanimously recommended "Men in White," by Maxwell Anderson as the best American play.

The Columbia statements said that the drama and history jurors "have always understood that they were retained in an advisory capacity and consequently they did not question the right of the advisory board to exercise its own judgment in making the award," but that in fairness to themselves they desired the public to know the recommendations made to the board.

The Other Awards

In journalism: The most disinterested and meritorious public service rendered by an American newspaper during 1933—the *Medford (Ore.) Mail Tribune* for its campaign against unscrupulous politicians in Jackson county, Oregon. The prize is a \$500 gold medal.

Grand Jury Refuses To Indict Mellon On Income Tax Charges

Government Charged the Former Secretary of the Treasury Underpaid His Income Taxes in 1931—Jury Deliberated an Hour and a Half After Hearing Witnesses and Scanning Bulky Files of Records.

Pittsburgh, May 8 (AP)—A grand jury which heard evidence in the Andrew W. Mellon tax case refused to indict the former secretary of the treasury today.

The government had presented charges that the internationally known banker underpaid his income taxes in 1931. Mellon himself, in a statement last Friday, disclosed the government was seeking to collect approximately \$2,000,000 from him. He had charged the action was a move to discredit him and the administration he served under three presidents.

Mellon, 79 years old and one of the country's wealthiest men, said he actually had overpaid his 1931 income tax.

The jury reported its findings at 10:10 o'clock this morning to Federal Judge R. M. Gibson.

Five witnesses were heard by the grand jury in a five-hour session yesterday. They were Robert H. Maquire and Donald Banks of the Pittsburgh internal revenue office; Lee R. Pennington of the department of justice, at Washington; Carl R. Korb, vice president of the Union Trust Company and H. A. Phillips of the Mellon National Bank.

The jury deliberated an hour and a half yesterday after hearing the witnesses and scanning bulky files of documents and records. Its report this morning came immediately after the group reassembled for sessions at which other cases on its routine are to be considered.

Mellon claimed the grand jury

proceedings were irregular and that he was given no hearing by the treasury before the charges were made public.

H. S. Dunbauld of Uniontown, Pa., district attorney for western Pennsylvania, presented the case to the grand jurors.

In his statement last week, Mellon said he was "in the dark" about the charges and Attorney General Cummings replied "He knows perfectly well the basis upon which the Treasury Department made the additional assessment."

The government charges of which Mellon now in effect has been cleared by the grand jury became known March 10 last. Cummings, in a statement then, not only claimed the Pennsylvania had underpaid the tax but announced an inquiry into the Mellon-controlled Aluminum Company of America. The company, long a target of monopoly charges, was described by Cummings as "a one hundred per cent monopoly in the producing field."

Mellon interests controlled the Gulf Oil Company and have huge holdings in the steel and coal industry.

For years an outstanding figure in business and finance, Mellon was appointed secretary of the treasury by President Harding. He held the post through the Coolidge administration and half of the Hoover administration. He was the only treasury secretary ever to serve under three presidents. President Hoover appointed him as ambassador to London and he held that post until the end of the Hoover term.

Governor Has Disposed France, England Busy Of 40 Bills Out of 800 On Bilateral Pact Awaiting Attention To Limit Arms Sale

Bill Signed Giving Women Right to Episcopal Vestry Service—Byrne Slaughter House Measure Vetoed—Dickey Bill Throws Out.

Albany, N. Y., May 8 (AP)—Governor Lehman announced today he had signed or vetoed 20 more of approximately 800 bills left on his desk by the legislature. This means that since the governor returned to his desk from his vacation yesterday morning he has disposed of 40 bills.

Most of the approved bills were local in nature. One bill approved by the governor was the Wald bill permitting women to be elected wardens or vestrymen in the Episcopal Church. Women meeting present qualifications required for election as wardens or vestrymen subject to the approval by the canons of the diocese.

The governor vetoed the Byrne bill to require the licensing and regulation of all slaughter houses by the state commissioner of agriculture and markets.

"Practically all cities and many villages now have regulations concerning the establishment and operation of slaughter houses," the governor said. "In all of them regulatory powers are given to local health officials. The bill would create confusion in the enforcement of slaughter house regulations."

The governor said authorities of many cities, including New York and Buffalo, objected to the bill.

Mr. Lehman vetoed the Gamble bill to permit the common council of White Plains to sell bonds at private sale when no bidders appeared at the public auction.

"I believed that this would set a dangerous precedent in city financing," the governor said, adding that the legislation violates the policy of the state. "The municipalities should sell their bonds at public sale only."

The governor also withheld his signature from a bill which would have opened up additional cemetery lands in the Borough of Richmond. He said there had been much local opposition to the bill.

Other bills vetoed were: The Dickey bill intended to permit agents, messengers, guards and other employees of railway express companies to carry firearms without license if their duties require them to protect money and valuables.

The Moran bill extending from one to three years the time within which sureties on bail bonds might apply for the refund of bail money.

Confirmation at The Polish Church May 9

Bishop Donahue To Administer Sacrament to 150 in First Official Visit to Ulster County Tomorrow—Church Beautiful for Occasion.

The sacrament of Confirmation will be administered to 150 children and adults at Immaculate Conception Church Wednesday afternoon at 2:30 o'clock by the Most Rev. Stephen J. Donahue, titular Bishop of Meade and Auxiliary Bishop of New York.

Under the direction of the Rev. Francis P. Borowski, pastor of Immaculate Conception Parish, the candidates for confirmation have been preparing for the sacrament, which will be administered amid one of the most beautiful settings that ever graced the church sanctuary, arranged by the nuns.

Members of the clergy from all parts of Ulster county and along the Hudson valley will be present for the occasion which will mark Bishop Donahue's first visit in official capacity to this section. He was consecrated only last Tuesday, May 1, at St. Patrick's Cathedral, New York, by Cardinal Patrick Hayes.

Sponsors for the confirmation will be Adam Dudek and John Rylewicz for the boys and men and Mrs. Anna Kaminski and Mrs. Mary Prusak for the girls.

Pathologist Takes Charge on May 16

Dr. J. S. Taylor, pathologist, engaged to have charge of the city laboratory, was here Monday looking over the laboratory, and will assume his duties here on May 16. The employment of a pathologist by the city had been proposed by local physicians for some time, and finally resulted in Dr. Taylor being engaged.

Hurley Avenue To Be Completed This Week; Other Work

The Works Division of the TERA plan to complete the laying of Kyrcek on Hurley avenue from the city line to Washington avenue by the end of this week. Work of laying the Kyrcek is proceeding rapidly and it is expected to make a fine street when completed.

Today Broadway at Hoffman street was closed so that TERA workmen could connect the Hoffman street sewer with the Broadway trunk line. Traffic was detoured while work was under way.

Work is also progressing on the laying of sewers in Emerson street, Hudson street and Clifton avenue, and work on the outfall of the Foxhall avenue sewer on the lowlands in the rear of Albany avenue is progressing and will be completed this month.

At the office of the Works Division today it was stated that the work of repairing streets torn up by the laying of sewers will be started as soon as the trenches have settled sufficiently. A daily check is being kept on all trenches and as soon as the ground is settled sufficiently street repair work will be started. There is still frost to be found in the ground. During the winter employees found frost to a depth of 34 inches in some places in the city.

Private Airlines Now Carry 4 Mail Routes Over Sections of U. S.

(By The Associated Press)

Flying of the airmail was resumed today by commercial planes. Over four routes private airlines relieved the army of the mail carrying, and postal officials said at Washington that other routes would be surrendered to commercial ships within the next few days under the contracts awarded last week.

A United Air Line plane left Newark at 1:15 a. m. (eastern standard time) for Oakland, Calif., with the first bags of airmail touched by a private line since Postmaster General Farley's order cancelling contracts became effective February 19.

The plane carried 1,200 pounds of mail and six passengers. Pilot Robert Dawson was at the controls. At Cleveland he was relieved by Pilot R. E. Coulter.

Other routes over which the airmail moved once more in commercial ships were between Seattle and San Diego, Salt Lake City and Seattle, and Salt Lake City and San Diego. A United Air Line plane left Salt Lake City for Seattle at 2:57 a. m. (M. S. T.) with a cargo of mail and five passengers and five minutes later another ship left the Utah City for San Diego air corps carried on a 2,732-mile flight from Oakland to Newark yesterday in what it claimed was record time for the northern transcontinental route. The flight was made in 14 hours, 8 minutes.

A similar flight was made by Transcontinental and Western Air, Inc., over the southern route from Los Angeles to Newark just before the mail carrying job was taken from private lines. This flight was made in 12 hours, 5 minutes. However, the route flown by the army was 279 miles longer.

John Semnesky, 71, Farmer, Found Dead

Discovered Lying Dead in Bed Fully Clothed in Small Building He Occupied on The Wolfson Farm in Esopus.

John Semnesky, 71, a naturalized citizen, a native of Russian Poland, was found dead this morning in a small building he occupied on the farm of Adolph Wolfson, about a mile from Esopus station. Semnesky did not answer when called about six o'clock this morning by Mr. Wolfson. The door, which was locked, was forced open, when Semnesky was found lying dead on the bed, fully clothed. Trooper Lion Baker was called and notified Connor W. N. Conner, who brought the remains to the funeral home.

Dr. George W. Ross made an examination and found that death was due to cerebral hemorrhage and had occurred some six or eight hours before.

Semnesky had worked on the Wolfson farm for about six months and previously had worked for Daniel Freer for several years. He had no known relatives. An effort will be made to locate any relatives and unless the body is claimed burial will be had in the cemetery at the county farm at New Paltz.

Tokyo Says British Import Quotas Bear Infringement Marks

Tokyo, May 8 (AP)—A high foreign office official said today that Japan believes the British import quotas against Japanese competition infringe upon the most favored nation clause of the Anglo-Japanese treaty.

However, he added, Japan will withhold retaliatory action—seeking first to protect her treaty rights through diplomatic methods.

At Osaka, textile leaders expressed the opinion the quotas, announced in London yesterday by Walter Runciman, president of the British Board of Trade, would do little harm to Japanese trade.

These authorities declared that if British action to place restrictions on Japan's exports to crown colonies, starting Wednesday, goes no further than Runciman indicated it will not be necessary for the Tokyo government to act.

Nevertheless, Saburo Kurusu, chief of the commercial bureau of the foreign office, was assigned to pave the way for a possible Japanese course of action through a study of the effects of the restrictions and the chances of reprisals.

Most Japanese trade leaders appeared confident the dominions will remain aloof from the mother country's trade war with Nippon.

Some officials expressed belief even the colonies of Hong Kong and Straits Settlements would object to the British imposition of quotas on Japanese goods, owing to their profits in re-exporting Japanese textiles.

On all sides it was asserted that the British announcement, made by Walter Runciman, president of the Board of Trade, was neither surprising nor alarming to Japan.

STYLE OF BLOUSE DEPENDS ON SUIT

Spring Picture Has Two Types to Choose From.

The trend suit demands a particular type of blouse, the more formal suit, another, and the spring blouse picture embraces both types. For sportlike tweeds, there is nothing quite as smart as a shirt. They are being shown in both bright colors and pastels which are equally smart.

Some of these sport shirts are made just like a man's with shirts at the side to enable them to tuck in neatly. This is a feature for which women will be grateful for the pleasure of wearing many a good suit has been marred by a blouse that simply wouldn't stay put.

Necktie silk blouses with long sleeves are another smart feature. These are shown in dot and cross-bar patterns that are decidedly smart. Necktie silks look exceptionally well with tweeds and you can usually find just the right shades to harmonize. Striped satin which looks quaintly old fashioned and extremely interesting is another fabric which comes under this same category.

TAILORED LINEN

By EMERIE NICHOLAS

The linen which fashions this jacket suit is the uncrushable kind, so necessary for the warm days of spring and summer. Its color is the new "dusty pink." Tailored in the best British manner with slightly padded shoulders this suit carries high distinction in its lines. The straight set-in sleeves, double-breasted jacket with one large patch pocket and a slim skirt make this one of the outstanding models of the season. A navy blue blouse with a high collar and short sleeves together with navy blue buttons on the jacket achieve fine color contrast.

Hats, Like Baby Bonnets, Now Tie Under the Chin

We've been approaching it for some time, but now we've actually arrived at the baby bonnet hat stage, tied under the chin at all!

Versions of this grownup hat fad are in straw, felt and straw combinations, and in fabrics matching ensembles for spring. There is no argument about the comfort of these bonnets—even the infants seldom fret about them—and while we allow for a difference of opinion as to the efficacy of the chin ties, the turn back effects off the forehead are becoming to many.

Berets and queer-shaped knitted head coverings seem to have met with such complete success last season that there is no ousting them in 1934.

Wings on Milady's Heels Lighten Dancing Steps

Mercury slippers should permit us to tread with a light foot over hard ground. Tiny little gold and silver wings attached to the heels of spring shoes are attracting a lot of smart attention. They are the only trimming on neat pumps in both leather and crepe.

For evening, the wings are frequently made of brilliants and are most attractive. Earrings and a tiara, wing shaped, are almost necessary accompaniments.

STYLE NOTES

Huge hats are in fashion. Blouses of sheer flowered prints are chic.

White hats are smart for immediate wear.

Bombon colors are sought for evening wear.

Newer separate skirts have plenty of sources.

Cape-sleeve jackets answer fashion's call.

Brown complements with blues for supremacy.

Troy Leachman Victim

Troy, N. Y., May 8 (AP)—Charles F. Ackner, 59, lies dead today, another victim of the rare leukemia, a cure for which is still the object of medical science. A carpenter, Ackner died last night in a hospital here after an illness of a week.

Dr. Fosdick at Peace With Unknown Soldier

Reproaches Himself For War Time Exhortations to Kill—Says—Says War Was Right.

New York, May 8 (AP)—The Rev. Dr. Harry Emerson Fosdick has made his peace with the unknown soldier.

"I renounce war," the pastor of the Riverside Baptist Church (the "Rockefeller Church") told a seminar on war last night.

"Rather than sanction another war, directly or indirectly, I'll see you in prison first," the minister said after 35 of the 36 persons at another seminar had voted to refuse to serve in the event of future armed conflict.

Dr. Fosdick reproached himself for having counseled and exhorted soldiers before they went "over the top on the murderous and suicidal tasks" in France.

For what he had done as a chaplain in France, he said, he had "an account to settle with the unknown soldier." He made his renunciation of war, he stated, in "penitent repentance" to the unknown dead of the World War.

Men who write martial music and poetry glorifying war do so, he thought, because they never have seen war or know its horror.

"General Sherman came nearer the truth than these war glorifiers when he said 'war is hell,'" the minister added.

War, he went on, calls for courage, faith and fidelity, providing "a tragic paradox," for:

"The noblest qualities of human life, which could make earth a heaven, make it, in war, a hell," he said.

"Men cannot have Christ and war at the same time. I renounce war!"

"I renounce it because of what it does to our men. I've seen it. I stimulated raiding parties to their murderous tasks. Do you see why I want to make it personal?"

"I lied to the unknown soldier about a possible good consequence of the war. There are times when I don't want to believe in immortality—the times I want to think that the unknown soldier never can realize how fruitless was his effort. The support I gave to war is a deep condemnation upon my soul."

"I renounce it, and never again will I be in another war."

Communications Code May Not Be Imposed

Washington, May 8 (AP)—Creation of a Federal communications commission to regulate telephone, telegraph, radio, wireless and cable systems was advocated today by the Interstate Commerce Commission.

Meanwhile, Hugh S. Johnson, NRA administrator, said that while he may have to impose a code on the communications industry, "I don't want to impose any code if I can get out of it."

The NRA yesterday made public a code drafted for the unwilling telegraph industry.

Johnson said the code would be given a hearing and would go through the regular administrative procedure.

"I'd rather have an agreement than to impose a code," he told reporters. "There is a good deal of talk about imposing a communications code. I may have to, but I never failed to negotiate an agreement yet and I don't expect to."

The position of the Interstate Commerce Commission was given by Frank McManamy, a commissioner, in testifying to the House Interstate commerce committee on the Rayburn bill. He said:

"The interstate commerce committee believes it to be sound public policy and in the interest of effective and economical regulation to consolidate under a single regulatory commission such closely related activities."

Prepare New Eagle For NRA Program

Nathan Straus, Jr., state director of the National Emergency Council, announced today that employers who wish to display the new Code Eagle should send in their application cards immediately or, if they have not received application blanks, apply for same at the state director's office, 45 Broadway, New York city.

The new Code Eagle has designated on it the industry as well as a registered number. No employer will be entitled to display the Code Eagle unless he has complied with the rules and regulations of the NRA.

Senator Straus wishes to emphasize that a campaign will soon be initiated to acquaint the consumer with the new Code Eagle and impress upon the consumer the importance of buying only from a store which displays the Code Eagle. Therefore, it makes it doubly important for all industries to obtain their Code Eagle in order that they may not be deprived of any business.

Senator Straus wishes to point out further that the new Code Eagle is to take the place of the old "Blue Eagle" and that any employer who believes that displaying the old "Blue Eagle" gives him the same prestige as the new Code Eagle, is very much mistaken. The new Code Eagle will be the dominant insignia in informing the consumer as to whether a store or factory is complying with the aims and purposes of the NRA.

OUR DAILY PATTERNS

For Happy Summer Play Days
8006 and 8205. Little children require many cool dresses to keep them looking clean and sweet in summer time.

Pattern No. 8006 is very gay and charming to put on in the afternoons after the nap. The ruffles on yoke and armholes look cool and just dress-up enough for the tea-time hour until bed time and make a little girl glad she can change in the afternoon.

Pattern 8205 is quaintly attractive with its kimono sleeves, pleats at sides and pinafore effect obtained by the buttons on front and back.

Pattern 8006 is designed in sizes 2, 3, 4 and 5. Size 4 requires 1 1/2 yard of 35 inch material with 1/2 yard contrasting.

Pattern 8205 is designed in sizes 2, 3, 4 and 5. Size 4 requires 1 1/2 yard of 35 inch material with 1/2 yard contrasting. Bows of ribbon require 1 yard.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

Corn in China

Corn, native to American continents in the western hemisphere, was grown in China long before it was grown by the English settlers at Jamestown. A photostat copy of a Chinese book published in 1573 reports that maize or Indian corn, there called "Imperial grain," had been grown in China for years, and that it had been introduced from the west by way of Tibet or Turkmenia. The indications are that the Spaniards discovering maize in the New world took home the grain from South and Central America, that the Arabs carried it from Spain to Mecca, and that it then spread eastward through Central Asia to China.

You Can't Keep a Good Brim Down

Copyright, 1934, by Fairchild.

The breton sailor illustrated at left is of black milan, mounted on a tiny bandeau at back. The interesting feature is the brim which is fashioned of milan worked in lattice work effect. A black belting ribbon pulls through the brim to make a bow at the left side.

The large hat is interesting not only because of its size, but because the brim is caught up against the crown by a large soft bow of black taffeta. The hat itself is fashioned of a novelty body called Verona. Its feature is that the crown is of a finer and more supple technique, while the brim is sized.

The Pick of the Cotton Crop

Medium pastels and white have coin spots and multicolored. The greater consideration in the latest print showings of cottons and linens. Dark grounds, however, are more widely represented than last year, since they afford the most effective background to the very colorful designs that have gained in popularity. Among prints the cleverest are

Taffeta Makes Itself Heard

New York—Hail to the little taffeta dress made on simple shirt waist lines and of any color or pattern one prefers. By way of trimming, there are fringe-ended bows at neck and whatever one likes by way of buttons or supplementary collars.

There are hats to match, or if you don't care for that, thinking it snarks too much of the uniform idea, there are hats of plain taffeta which are either enormous or trim little buttons or straight sailors.

Taffeta has been promising to return for so long that now that it is actually here it still seems new, for there are so many interesting uses for it. One might quite easily wear taffeta around the clock. Besides the simple shirtwaist types which are so good to begin the day, there are the loveliest taffetas in which to end it. These include ruffles, ruffled and ruffling styles. There are also the taffeta slips, intended to be heard but not seen and the taffeta foundation which is used under sheers and the several mesh effects now in vogue.

What is smarter than a huge taffeta sack, or a short frivolous jacket, or cape to wear over the summer evening gown.

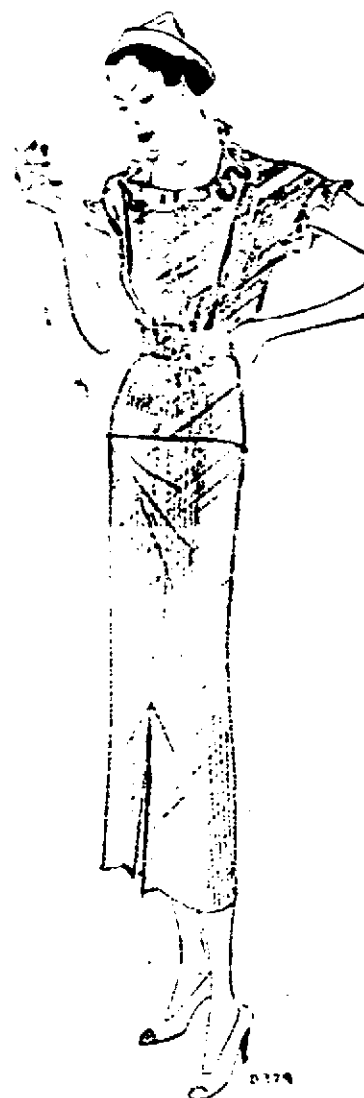

Brides have reverted to taffetas, not so much for the bridal gown as for those of their attendants. They seem a particularly happy choice for that sort of thing, especially this season, when flower muffs, real or artificial as you like, are all the rage.

The woman who was never without a black satin dinner gown is finding that a black taffeta one is a worthy substitute.

PREDICT APPLES WILL BLISS ABOUT MAY 20

Geneva, May 8.—Predicting blooming dates for fruits in New York state is complicated somewhat this spring by uncertainty as to just how extensive has been the injury to fruit buds due to the severe cold of the past winter, but fruit specialists at the experiment station here have gone on record with a list of probable blooming dates for all of the tree fruits. These dates are based on extensive observations made this spring and on records kept at the experiment station of blooming dates covering a long period of years and representing a wide range of seasonal conditions.

It is certain, say the specialists, that the peach bloom will be very light and will be limited largely to the Niagara district and a few other favored locations. Sweet cherries, pears, and Japanese and European plums will also show the effects of winter injury with light bloom except in the more favored areas near the large lakes.

Apple blossom time for western New York will begin May 20, and should reach its peak on May 25, say the station specialists. These dates are slightly later than normal for western New York. Blooming dates in the Hudson valley will be about a week ahead of Geneva, while the northern part of the state will be about a week later.

It is predicted that pears will bloom about May 12, although pears show a wide difference in blooming dates for different seasons and varieties with an overlapping and prolonging of the blooming period not met with in the apple. Such pears as do blossom this year should reach full bloom about May 15, it is said.

The blooming period for sweet, sour, and Duke cherries covers about a week with the sweets coming first. Cherry blooms in the vicinity of Geneva will reach their height from May 10 to 15. Among the plums, the Japanese varieties bloom about a week earlier than the European sorts. Predictions for this spring are that the Japanese plums will be in full bloom by May 5 and the European kinds by May 15.

USE IRON SPRAY FOR

DANDELIONS IN LAWN

Geneva, N. Y., May 8.—Spraying with iron sulfate, or copperas as it

is better known, where the weed is especially troublesome and cutting out the young plants as they appear during the summer are the most effective means of combating dandelions in the lawn, according to Prof. M. T. Munz, weed specialist at the State Experiment Station here, in a prepared statement on the eradication of dandelions from lawns. A copy of the statement giving complete directions on the making of the spray and on the after care of the lawn may be obtained upon request to the Experiment Station.

REGAINED APPETITE AND WEIGHT WITH KELLOGG'S ALL-BRAN

Cereal Relieved His Constipation

If you are a sufferer from headaches, loss of appetite and energy, sleeplessness, or any other of the frequent effects of constipation, read this enthusiastic letter from Mr. McIntyre:

"For a long time my system was not in very good working order. But since eating Kellogg's All-Bran, I have regained my appetite and my lost weight. And my system is in good working order. Kellogg's All-Bran sure does the trick."—Mr. J. A. McIntyre, 160 Ruscomb St., Philadelphia, Pa.

Tests show Kellogg's All-Bran provides the "bulk" needed to relieve ordinary constipation. It also contains vitamin B and iron for the blood.

You'll enjoy this delicious and healthful ready-to-eat cereal. Serve it with milk or cream—or use often in cooking.

Just eat two tablespoonfuls daily. Chronic cases, with each meal. If not relieved this way, see your doctor.

Kellogg's All-Bran is all bran with only necessary flavoring added. It contains much more needed "bulk" than part-bran products. Made by Kellogg in Battle Creek.

When you undress for bed—

Undress your FACE too!

Use all the Cosmetics you wish, but remove them thoroughly
the Hollywood way—guard against ugly COSMETIC SKIN

MANY a girl who *thinks* she cleans her face before she goes to bed is actually leaving bits of stale daytime make-up to choke the pores all night. She does not *thoroughly* free the pores, but leaves them *clogged* day after day—unable to function normally.

"Heavens! What's wrong with my skin!" Soon to her dismay she discovers the warning signals of ugly, unattractive COSMETIC SKIN—enlarged pores, dullness, tiny blemishes—blackheads, perhaps.

Cosmetics Harmless if
removed this way

To avoid this distressing modern complexion trouble, thousands of women are adopting Hollywood's beauty method. Lux Toilet Soap is made to remove cosmetics *thoroughly*. Its rich, ACTIVE lather sinks deeply into the pores, carries away every ves-

tige of dust, dirt, stale cosmetics.

During the day before you put on fresh make-up, and ALWAYS before you go to bed at night, give your skin this gentle Lux Toilet Soap care. In this simple way you can *protect* it—give it a true beauty treatment.

Precious Elements in this soap

In this remarkable soap are precious elements Nature herself puts in skin to keep it soft and youthful. Hollywood stars, whose complexions are priceless, have used this pure, fine soap for years. Begin your Lux Toilet Soap beauty treatment today.

Chairman Macy to Deliver Address

Will Speak at Alexandria Bay Tonight Following a Visit With Leaders and Followers of Northern New York.

Alexandria Bay, N. Y., May 8 (AP)—Republican up-state New York hand capped to his ear today to hear the pronouncements of party chairman W. Kingland Macy, who soon will jump into a primary fight to retain his leadership.

Mr. Macy speaks here tonight after a day of visiting with leaders and followers of northern New York.

What Macy will have to say about the utility situation will have particular significance because nearby is the home and district of Senator Warren T. Thayer, a Republican, whose utility connections are under investigation at Albany.

Senator Thayer's district is St. Lawrence and Franklin counties. His home is at Chateaugay, in the latter county.

Macy, last winter, precipitated a party fight by charging, in a speech at Utica, that utility interests dom-

inated the party, dictated candidates and controlled legislation. He followed this with an effort to unseat Fred Hammond, clerk of the Assembly of the Legislature. Speaker Joseph A. McGuire, Floor Leader Russell D. Moore and other up-state leaders came to Hammond's defense. After a long deadlock Hammond was retained.

The younger chairman said he would continue his campaign in the primary and attempt to unseat the Hammond sponsors. The primary will be held September 13. Those elected to the state committee will name the chairman.

After stopping off at Watertown, Macy will motor here with Harold B. Johnson, publisher of the Watertown Times, Mayor John H. Harris of Watertown, and others. The visitors will attend a luncheon at the Canary Island summer camp of Jarvis Van Brocklin.

Macy's formal speech is scheduled for 8 p. m. (standard time).

Legion Auxiliary Food Sale and Tea

Much interest is being shown in the afternoon tea and food sale which the American Legion Auxiliary of Kingston, N. Y., is holding Wednesday afternoon in the Legion Memorial Building from 2 to 5 o'clock.

There have been many inquiries from members and friends of the auxiliary concerning the appearance at the tea of Madame Adeline Legaux, whose presence will be so entertaining. To the curious the auxiliary may say that Madame Legaux is a lady of charm and personality, an unusually talented and highly intelligent woman. She is endowed with the wonderful art of discerning conversation so often found in her race. Madame Legaux is a French type.

A most cordial invitation is extended to auxiliary members and their friends, and to all ladies in the city to attend the tea on Wednesday afternoon and meet Madame Legaux.

Tea or coffee, with sandwiches and cookies, will be served. There will be no charge.

The ladies conducting the food sale will have a great variety of de-

licious home-cooked foods for sale at nominal prices. Members and friends of the auxiliary and the public are invited to participate in this food sale, the proceeds of which will be used in carrying on the work of the American Legion Auxiliary.

Navajos Have Prayer Rugs

The Navajo Indians have what are called prayer rugs. There is a custom among the Navajos of weaving into certain rugs sacred symbols with symbolic meanings. Other tribes have sacred objects which consist of pebbles or bundles containing a lodgepole of symbolic articles.

Far ahead
OF LAST YEAR'S
GREAT SALES RECORD
—and here's what's doing it...

CHEVROLET It was a great record of leadership that Chevrolet made in 1933! It's an even greater, more impressive record that Chevrolet is making for 1934! Already, sales are tens of thousands of cars ahead of last year. Production is running higher than that of any other automobile company in the world. And every day, from state after state, comes the same report on registrations: Chevrolet is leading all other cars!

The big reason for such preference is plainly shown at the right. Chevrolet has so many vital features that others in the low-price field have left out: Knee-Action wheels that are fully enclosed for complete safety and absolute dependability. A six-cylinder valve-in-head engine with an exclusive "Blue-Flame" head. Big, "cable-controlled" brakes, the best in the low-price field. Large, spacious bodies by Fisher, with Fisher No Draft Ventilation. And real "shock-proof" steering that brings new ease and comfort to driving. No other low-priced automobile has a single one of these five leading 1934 features. That's why no other can be backed by such a confident statement as this:

Drive it only 5 miles
and you'll never be satisfied with any other low priced car

Council Protests New Police Measure

The New York State Economic Council Monday asked Gov. Lehman for a public hearing to protest against the Condon Three-Platoon Police Bill, which was passed by the Legislature and now awaits action by the Governor.

The Condon Bill extends the three-platoon system, now limited to cities of the first and second class, to every community which has a police force of four or more members.

The Council objects to the bill on the ground that it will increase the tax burdens of all cities under 50,000 population, as well as all counties, towns and villages in the state, many of which already are in financial difficulties.

Four principal objections cited by the Council are that it is mandatory, leaving no choice to the locality affected; that it will be expensive at a time taxpayers demand decreased expenses; that it will unbalance budgets already adopted and create deficits; and that it is unsound, because the same police conditions do not apply to large cities and rural communities.

Some of the smaller cities have already voiced strenuous objection to the bill.

Meals For Three	
Breakfast	Orange Juice, Cream, Soft Cooked Eggs, Toast, Coffee
Luncheon	Stuffed Peas, Salad, Baked Potatoes, Spiced Cake, Tea
Dinner	Roast Chicken, Mashed Potatoes, Bittered Apples, Fried Potatoes, Caramel Bavarian Cream, Coffee

Spanish Shrimps For Three (Good For Company, Too)	
1 tablespoon butter	1 tablespoon chopped green
2 tablespoons oil	1 cup boiled rice
2 tablespoons chopped onions	1 cup tomatoes
2 tablespoons flour	1 teaspoon salt
1 tablespoon water	1 teaspoon paprika
2 tablespoons chopped celery	1 cup cooked shrimps

Melt butter in frying pan. Add and brown onions, flour, celery, paprika and rice. Add rest of ingredients and cook 3 minutes. Serve.

Caramel Bavarian Cream	
1/2 cup sugar	2 egg yolks
1/2 cup water	1 cup milk
1 tablespoon granulated	1 teaspoon vanilla
4 tablespoons cold water	1/2 teaspoon salt
	1/2 cup cream

Sprinkle sugar on frying pan. Heat slowly and stir constantly with wooden spoon until brown syrup forms. Add 1/2 cup water and boil until thick. Yrup forms. Soak gelatin in 4 tablespoons cold water 5 minutes. Beat yolks, add milk and syrup mixture. Heat in double boiler. Add gelatin mixture and stir until dissolved. Cool and add rest of ingredients. Pour into glass mold and chill until stiff. Requires about 2 hours to chill and stiffen thoroughly. Unmold and serve plain or with cream.

An excellent dessert for company as it can be made a day prior to serving.

Snakes Live on Eggs

The sole diet of a species of South African snake is eggs. It can tell without breaking an egg whether it is fresh or stale, and will turn away from a stale one. Its head is only the size of the tip of a man's finger, yet in a miraculous manner it swallows an egg whole.

He's a "big shot" at the office—

BUT HE'S JUST A JANITOR AT HOME

Doesn't it seem a bit silly to soil your clothes, perform manual labor, and put up with old-fashioned heat—when a modern G-E Oil Furnace costs less to use?

Doesn't it seem penny-wise and pound-foolish to have your house like an oven or like an icebox during the sudden changes of spring weather—as you do with a sluggish, hand-fired heating system? Especially when the G-E Oil Furnace can keep your house at just the temperature you want, night and day, automatically?

One of the most remarkable things about this furnace is this: it is never out of service, summer or winter. All winter long it supplies both heat and hot water. In summer it supplies the hot water alone—unless there should be a sudden cold snap when, almost instantly, heat comes up.

And during the ups and

downs of spring, the super-sensitive G-E Thermal Control takes the place of those dozens of trips up and down the cellar stairs—keeps the heat shut down all day long, if necessary—then within a few minutes sends it up again when the chill of evening comes.

Most remarkable of all is the fact that you have all this comfort and convenience at a real saving on fuel bills. Many owners report savings of 20% to 50%.

Special Summer Terms

Just to make it easier for you to have this furnace now, G-E says "Pay only 10% down, pay nothing more until September—and take 2 1/2 years to complete the balance if you want to."

Doesn't that sound like something that would make you want to stop in at our showroom right now, or at least write or telephone for more information?

This furnace is a complete heating unit—burner, boiler, water heater and controls designed and made by G-E.

Kingston: "Tarzan and His Mate."
Ladies and gentlemen, boys and girls, here is a show. The hair-raising adventures of Tarzan the Ape Man come to the screen again after a far too long absence, and although the character of the muscular Tarzan and his activities are segments of a great imagination, so well done is this truly brilliant talkie that it witnesses the show is to believe what you see is true. In other words, this adventure picture is superior entertainment, to be enjoyed by young and old. It is so good that critics have found nothing but praise for its originality and clever direction. It is the ultimate in exciting screen melodrama. The plot centers around Jane, the wealthy society girl, who comes to live with Tarzan in his jungle home. They are married and happy until the lust for gold among white men sends the jungle into a reign of terror. Through it all, Tarzan does a deed of strength and bravery of which all are capable. He fights wild animals, outwits everybody, and sees that justice is done. The show is alive with humor, activity, amazing trick photography and brilliant acting. John Welsmuller heads the cast as Tarzan, and Maureen O'Sullivan, Neil Hamilton, Paul Cavanaugh, Nathan Curry and Forrester Harvey are featured. Cedric Gibbons directed. Don't miss.

Orpheum: "Three on a Honeymoon." Matrimony and comedy join forces and become one and the same thing in the feature picture at the Orpheum. Sally Eilers, Zane Pitts, Henrietta Crossman, Irene Hervey, and Charles Starrett are the performers. This show is filled with clever dialogue and the plot is novel. Broadway: "You're Telling Me." W. C. Fields, Buster Crabbe, Joan Marsh and Adrienne Ames prove a talented cast in this comedy riot that gives W. C. Fields an opportunity to crash through with some of his best pantomime and rags. The whole show is Fields and he makes the most of it. For lovers of fast and furious fun, this is your show.

Tomorrow
Kingston: "This Man is Mine." Drawing room characterizes this excellent comedy picture and it is worth seeing because of the absolute naturalness, its charm and its enjoyable dialogue. Irene Dunne, Kay Johnson, Ralph Bellamy, Constance Cummings and Sidney Blackmer all do well in skin fitting roles. The story centers around a happily married young couple, with everything blissfully happy until the husband's former girl comes to town and decides she must win him away from his wife once again. She succeeds, but the wife takes and turns the tragic situation into its rightful solution. Good entertainment.

Orpheum: "Girl Without a Room" and "By Candlelight." How artists live and love while studying for a career is depicted in this first feature with Charles Farrell, Charles Ruggles and Margaret Churchill. The talkies has tried to catch the carefree soul of the artist in this show, but it remains a fairly elusive thing at that. "By Candlelight" Elsie Landi, Paul Lukas and Miss Astor all have a grand time in the second feature, the story of a servant who does his master's clothing and parades as a wealthy nobleman. He parades often and to good effect, and finds himself immersed in a series of embarrassing circumstances.

Broadway: "Hi, Nellie!" For thrills, suspense, nerve-racking action and fast comedy, this newspaper show is a winner. It rips along at a merry pace, with never a lull. Paul Muni, as the managing editor of a metropolitan paper, gives one of his unexcelled performances, and after having trouble with the owners of the paper, he is demoted to what is known as the Hearst Throb Department, where he is forced to write words of balm to the love sick under the caption of "Nellie Nelson." He does it, but a sparkling bit of reporting wins him back his former post after a lot of excitement, thrills and action have passed before the camera. Grand entertainment.

ZENA CHRISTIAN ENDEAVOR TO GIVE "ALWAYS IN TROUBLE"
Woodstock, May 8.—On Thursday evening, May 10, at 8:30 o'clock, at Firemen's Hall, Woodstock, the Zena Christian Endeavor Society will present a three-act play, "Always in Trouble." Members of the cast are members of the Lyonsville Young People's Club and will endeavor to display the same talent which has marked previous successful presentations throughout the county. The Woodstock Level Club orchestra will play between the acts and after the show. Refreshments will be on sale.

Baden Potash Mine A Temporary Crypt For 87 Trapped Miners

Baden, Germany, May 8 (AP)—A mining shaft of the Baden potash mine formed a temporary crypt today for 87 trapped miners, throwing this village into sorrow and suspense.

With the shaft hermetically sealed because of fire and gas hazards, the blocked entrance must be regarded as a tombstone for two weeks while the blaze burns itself out. Search for the bodies can not begin until it is safe to open the shaft.

To the sealed entrance children and widows of the victims took tear-stained floral offerings and prayers.

That the workers met swift death from rapidly-spreading carbon monoxide fumes after the mine timbers collapsed yesterday, short-circuiting the electric system, is regarded as a fact.

Flames and dense smoke trapped the men on the 2,600-foot level.

The only miner to break through died while being hoisted to the surface. He was the foreman of a crew working on the level. Burns and the effects of gas suffered as he was being hoisted caused death.

Six rescue workers were taken to a hospital in a serious condition after having been overcome.

The first warning of the disaster came when a 25-foot flame flicked into the shaft from the level where the men were working.

This great flame, which ignited the mine timbers, was followed by suffocating clouds of smoke.

With rescue work abandoned, thoughts turned to the families of the entombed men. A government rescue commission was expected to reach the village today.

America's Adult Education

Only 5 per cent of America's adult population have a mental age of twelve years or less, despite World War draft figures to the contrary.

GEORGE COLEMAN
Member of Lorraine Coleman, if he will write her "G.C.", Downtown Freeman, will learn something to his advantage.

Financial and Commercial

New York, May 8 (AP)—Presidents of stocks lifted somewhat today as though prices shuffled about nervously and neither traders nor investors exhibited any pronounced inclination to expand their positions.

News again was of an indefinite character. Indications of a move in the drought ridden crop reports brought some business in grains. Rubber was a loser under prompt trading. Silver steadied as the President conferred with Senate proponents of the metal. The dollar improved slightly in foreign exchange markets.

U. S. securities displayed further strength, pushing into new high territory for the past year or more. Corporation bonds, however, were hesitant.

Shares of Case and John-Manville came back 2 points each and others, up fractions to around a point, included Home, McIntyre, Noranda, American Smelting, U. S. Industrial Alcohol, American Commercial Alcohol, Westinghouse Chrysler, Consolidated Gas, Loew's, Bethlehem Steel, Allied Chemical, lost 3 and Borden was active at a point or so decline. DuPont and Western Union were also a little heavy. General Motors, Santa Fe and Commercial Solvents eased. Most of the utilities and rails did nothing.

Some of the gold mining issues were moved up following declaration of an extra dividend of \$1.50 by Dome mines. An additional disbursement had been generally expected in view of increased income due to the higher gold price.

Indiana Primaries Today in 92 Counties

Indianapolis, May 8 (AP)—Voters in Indiana's 92 counties nominated Democratic and Republican candidates today for representatives in congress, for the state legislature, for city and county offices and elected precinct committeemen and delegates to the state conventions.

With a record-breaking total of 36,359 candidates, it was expected the outcome in many contests will not be known for several days.

Throughout the state, the outcome of the battle between Governor Paul V. McNutt and R. Earl Peters, former Democratic state chairman, for election of delegates of their choice to the state convention June 12, held a major share of attention.

Peters, a candidate for the Democratic nomination for U. S. senator, which will be made in the convention, has filed slates of delegates in 72 counties. The governor, through Pleas Greenlee, his patronage secretary, and others of his official family, has campaigned against the Peters slates.

One of the 12 Indiana Democratic incumbents in congress are opposed for renomination today.

Debt Agreement Waits Roosevelt Approval

Washington, May 8 (AP)—A new financial debt agreement, slashing its present high interest rate almost to the zero point, awaited President Roosevelt's approval today.

The draft, if satisfactory to the President, would give America's only paper-money debtor an interest rate of 30 per cent as compared to the present 3.5 per cent.

Although Finland's remaining debt is a comparatively trifling \$5,724,445, the draft and official suggestion assumed considerable importance when dropped into the muddled situation involving debts running to a total of more than twelve billion.

President Roosevelt intends to dispatch to Congress shortly a message on war debts at least part of which will deal with the Finnish obligations. Responsible officials said today the more favorable terms to be offered Finland could not be considered any standard formula for solution of the entire tangle.

There were no denials, however, that the agreement would be held up as an example to other powers.

It finally approved, Finland's interest rate would drop from the highest to the lowest. Great Britain also shares a 3.5 per cent rate. The scale runs down to a present 1.4 rate by France and an .04 figure for Italy.

Posse Finds House Of Robles' Kidnapers

Cananea, Sonora, Mex., May 8 (AP)—The house in which kidnaped June Robles may have been held as recently as two days ago has been found, two patrolmen disclosed today.

The statement came as a manhunt, such as this ancient mining settlement has not seen since Mexico's dread rurales swept down in pursuit of early day brigands, spread through Cananea and the surrounding territory.

The policemen, Corporals George Ash and Tom Newell, of the Arizona Highway Patrol, did not disclose the exact location of the house, but they said they were convinced the 6-year-old heiress to the fortune of Bernabe Robles, Tucson cattle baron, was now in the hands of two men.

They pictured the abductors as dodging desperately from abode to shack to unsunkbed arroyo somewhere inside the district around which a closing ring of steel-banded Mexican federal soldiers with bayoneted rifles is converging. They were confident the kidnapers could not escape.

Action Continued In Supreme Court

In supreme court this morning the case taken up Monday afternoon was continued. The action is brought by Carrie Ryer, as administratrix of Rose McDowell, against Vincent A. Nerz. Several witnesses were still to be sworn and Judge Staley excused the jurors not on the case until 2 o'clock.

The day calendar is:
Nos. 248, 307, 403, 405 and 488, 487, 8, 14-1, 15-1, 16-1, 449, 450, 24. No additions were made to the alarm calendar.

Missionary Meeting

The Missionary Society of the Congregational Church will meet Thursday evening at the home of Mrs. Fred Leverich at 7:30 o'clock. Hostesses will be Mrs. Leverich, Mrs. DuBois and Mrs. Lahl.

Pinochle Party

There will be a pinochle party at Holy Cross Parish House, Pine Grove avenue, Friday evening at 7 o'clock, under the auspices of the Delta Sigma Fraternity. Refreshments will be served. The public is invited.

Cooking on Mountains

Eggs, beans and such articles, one to be left in open vessels on Fire's Peak or other high altitudes, but more time is required for the process. At sea level water boils at 212 degrees F.; at the top of Fire's Peak, water boils at 187 degrees F. Most foods cook very slowly in water boiling at temperatures as low as this. At altitudes much higher than Fire's Peak, for example on Mount Everest, water boils at such a low temperature that it would be difficult or even impossible to cook many of these foods in an open vessel there. It could be done, however, in a closed vessel.

FRANCE WILL SEND "SUB" AROUND WORLD

Largest of Undersea Boats to Take Long Trip.

Paris—The submarine Surcouf, the world's largest undersea boat, believed to be the most dangerous fighting ship afloat, will start its world cruise early in June.

Estimated at approximately 3,000 tons, the Surcouf represents the latest development in submarine warfare, and with its cruising radius of 20,000 kilometers, or halfway around the world, it will visit various ports.

Measuring 110 meters overall, with a surface speed of 30 knots and will have an undersea speed of 11 knots, the fastest of all submarines. Its effectiveness lies principally in its ability to fire a salvo of 14 torpedoes. Eight of the 14 torpedoes tubes are in the bow, two in the stern and four are on the beam, giving the ship an immediate range on its target, regardless of position.

The Surcouf is listed as a defense submarine, despite its offensive character. With its battery of four 5.5 guns and its powerful antiaircraft rifles, the ship is armored heavily on its exposed deck and is virtually invulnerable to aerial bombs, or light caliber fire from cruisers or destroyers.

The Surcouf is almost double the size of the famous German U boats. In its recent plunging tests off Brest it descended quickly to 80 meters, cruised along at ten knots and rose as quickly.

Equipped with Diesel engines, the ship has provisions for long cruises, insuring normal surface air, drinking water and supplies. The interior is a model of mechanical ingenuity and almost every known safety device is included in the protective apparatus. The deck even carries a small airplane.

The V-4, which is the nearest approach to the Surcouf in the American navy, displaces only 2,800 tons, and the best British submarine is the X-1 of 2,525 tons. It is probable that a second giant submarine of the Surcouf class will be constructed as soon as the credits can be provided for the naval budget.

Millionth Seal Is Goal, Skipper Has 4,000 to Go

St. John's N. F.—Capt. Abram Kean is going to get his one millionth seal this spring unless his stanch ship Boethic runs into unexpected bad luck on her venture into the northern ice floes.

If the veteran skipper can kill 4,000 more seals before the herds disperse he will become the only master who has ever brought 1,000,000 pelts from the Arctic. When he sailed from St. John's as commodore of the sealing fleet a month ago he had landed 900,000. Now the steel-hulled Boethic has 36,000 aboard, and her men are roaming through the animals of the main patch as they proceed with the kill. By nightfall Captain Kean should be close to his 1,000,000.

It will be the climax of a lifetime among the floes. Captain Kean is in his seventy-ninth year and for 62 years he has been "going on the ice." This voyage, his sixty-third, is his first in some years aboard the Boethic. Formerly he was on the old Terra Nova, which has been sailing since 1855.

Maids Organize, Put Some Employers on Black List

Cleveland—Maids and domestics here are turning the tables and housewives found to be "undesirable" employers are being "blacklisted."

The plan, which includes giving a full case history of each woman, is being put into effect by a newly organized "Household Workers' Welfare Association."

A girl thinking of taking a job may look up her prospective employer's record regarding how much she pays, what she expects, what she allows them to eat, and her general attitude, according to Miss Colette Kelley, president of the group.

180 Mosques to Close

Istanbul—Owing to the decline in religious practices in Turkey, the number of mosques open for devotion will be reduced. Out of 500 temples, it is expected that 180 will be closed by next June. The clergy, mullahs and servers of the closed mosques will be split up among the ones remaining open.

Whale Plays Tag With Sea Bathers

Avalon, Calif.—They had a whale of a time here the other afternoon. A huge gray mammal, estimated at 70 feet long, visited Avalon bay, sported himself for an hour, sporting, diving and swimming about, while throngs of island visitors looked on.

He eluded efforts of the crew of the government geodetic survey boat Kommander to lasso him and departed with a flirt of his huge tail without doing any damage to the many boats in the bay.

The whale first appeared at Pabst beach where a crowd gathered. Swimming so slowly that the throng kept pace with him about on the boardwalk just above, he came within 5 feet of the shore at times. He entered the harbor at the eastern end and spouted at a great rate as he played close to the shore.

Starboard Meeting

An important meeting of the Starboard of Temple Dramatic will be held in the lecture room, Wednesday afternoon at 2:30 o'clock. Every member is requested to be present. There will be refreshments and entertainment.

County-Wide Home Bureau Exhibit Here

Friday and Saturday of this week Home Bureau committee women from all parts of Ulster county will be in Kingston arranging an exhibit of work accomplished in their organization this year. Through the courtesy of the Herbert Carl millinery store space in their front window and store has been loaned for the exhibit.

The exhibit will include work done in the many projects carried out this year. County committees will work Friday getting the background ready for the articles that are to be brought in Saturday by community committees. Among other things will be exhibits in landscaping, home furnishings, crafts, household managements, foods, and child guidance.

Community committees are busy this week collecting from the homes of the county the articles to be exhibited. Walkill is planning to bring a truck load, other communities have not reported definite plans. The exhibit will be open to the public until Friday evening, May 11. It is conveniently located for shoppers on Wall street who are invited to stop in and see the work the Home Bureau has been doing in the county this year. Plans for lectures and demonstrations for each day are under way, a schedule of which will be given later.

For over 35 years Mr. Finley was employed by the former Westinghouse and furniture store on East Strand, and since the closing of the store had led a retired life. He had been in ill health for a long time. He is survived by his wife, Mrs. Elizabeth Cole Finley, two sons, Captain David Finley, with the U. S. Army in Manila, Philippines Islands, and Frank Finley of this city, and a brother, Thomas Finley, of Poughkeepsie. Mr. Finley was a member of the Roundout Presbyterian Church. Friends may view the remains at the late home Thursday afternoon and evening. Funeral services Friday afternoon at 2 o'clock with interment in Montrepose Cemetery.

John J. Holohean of 133 Foxhall avenue, a retired employee of the West Shore railroad, died this morning at his home after a protracted illness. He was a resident of Kingston all his life and was highly respected by a large circle of friends. He was a member of the Railroad Brotherhood of Maintenance of Way and of St. Mary's Holy Name Society. The Holy Name will meet at 8 o'clock to recite the Rosary for the repose of his soul. Surviving him are his wife, formerly Mary Dermody, and two sons, James D. of Troy and Edward Holohean of Troop G, State Troopers, and one daughter, Mrs. Edward Carbin of Bayonne. His funeral will be held from the family residence Friday morning at 9 o'clock, thence to St. Mary's Church where a high Mass of requiem will be offered for the repose of his soul. Interment will be in the family plot in St. Mary's cemetery.

HAVE YOU MARKED THAT GRAVE FOR MEMORIAL DAY?

Perhaps you have been putting off the placing of a monument on the grave of one who when living was your dear friend.

Memorial Day is only a few weeks away. There is still time to have a suitable stone placed before then.

We have a splendid variety of headstones and monuments and are prepared to erect them and to erect them at short notice.

Let us call on your home with designs and prices, or better still visit our office.

County Road Program For 1934 Adopted

(Continued from Page One)

part for the City of New York, and that, at frequent intervals, cause great damage, not only to property owners, but to the fishing and hunting interests as well.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors of the County of Ulster does hereby go on record as giving its full approval to said proposed law and does hereby request that Governor Herbert H. Lehman give favorable consideration to this bill and approve the same, and be it further

RESOLVED, that if Governor Lehman deem it necessary, a public hearing be called upon said bill for the purpose of affording the people of the Town of Shandaken and of the County of Ulster generally an opportunity to be heard in favor of said bill; and be it further

RESOLVED, that a certified copy of this resolution be forwarded to Governor Herbert H. Lehman immediately by the Clerk of this Board; and moved its adoption.

The resolution was unanimously adopted and Mr. Voss asked that the legislative committee of the board be authorized to attend the hearing should one be granted. Chairman Markle announced that the members of the committee were Supervisors George, Hulsair, Cullen, Osterhout, Finch, Elsworth, Hayman and Markle, and he directed that the committee attend the hearing if one was granted.

The First Discard.

The resolution of Supervisors Hulsair, George and DeWitt in regard to the County Road Fund for 1934 brought forth the first discard. Following is the resolution offered by Messrs. DeWitt, Hulsair and George:

1. Whereas, the County Superintendent of Highways has prepared a map showing a proposed county road system for the County of Ulster, to be constructed with moneys from the County Road Fund or moneys available for that purpose, which said map was duly approved by the Board of Supervisors on the 2nd day of December, 1929, and also duly approved by the Superintendent of Public Works of the State of New York on the 5th day of December, 1929, a copy of which said county road map has been duly filed with the Department of Public Works of the State of New York, the County Clerk of the County of Ulster and the County Superintendent of Highways of the County of Ulster, in pursuance of Section 320-b of the Highway Law; and

2. Whereas, the County Superintendent of Highways of the County of Ulster has heretofore prepared a statement under the provisions of Section 320-b of the Highway Law of the State of New York, showing county roads set forth on said map referred to in Section 1 of this resolution, the construction of which should be continued during the year 1934 in the County of Ulster, and the other details as required by said Section 320-b of the Highway Law; and

3. Whereas, Section 320-b of the Highway Law provides that the State shall pay annually to the several counties as in said section provided an amount equal to the amount levied for the construction and improvement of the highways or roads in accordance with Section 320-b of the Highway Law not to exceed in any year an amount equal to \$39.00 per mile for the total mileage of highways in such counties outside of cities and incorporated villages and that the total amount which the County of Ulster is entitled to receive under said Section 320-b of the Highway Law is the sum of \$50,000.00.

Roads To Be Constructed.

4. Whereas, the County Treasurer has in his hands the sum of One Hundred Twelve Thousand Eight Hundred Eighty Eight Dollars (\$112,888.00) less an unexpended balance of Fifteen Thousand One Hundred Twenty-three Dollars (\$15,123.00), making a net amount available at this time, Ninety Seven Thousand Six Hundred Sixty Dollars (\$97,569.00) in the County Road Fund for 1934 construction and further estimated sum of One Hundred Thousand Dollars (\$100,000.00), under the provisions of Article 12 of the Tax Law of the State of New York, known as "Gas tax moneys," and the further estimated sum of Thirty-five Thousand Dollars (\$35,000.00), which will be received by the County for Motor Vehicle Fees and the further sum of Fifty Thousand Dollars (\$50,000.00), referred to in P. 3 hereon, which will be available for construction of said County Roads and the further sum of Fifty Thousand Dollars (\$50,000.00) herein appropriated by the County of Ulster in connection with said roads, which said sums of money are estimated to be sufficient to cover the cost of construction of the road projects hereinafter set forth and hereby designated for construction for the year 1934.

Now therefore, be it

5. Resolved, that pursuant to Section 320-b of the Highway Law, the board of supervisors of the County of Ulster does hereby designate the following roads to be constructed, the road number of said roads being as follows:

Tonight the second professional boxing program sponsored by Kingston's first American Legion, for its members fund, will be held in the Municipal Auditorium, starting at 8:30 instead of the time scheduled in the past because of daylight saving.

One of the biggest turnouts ever to pack the former 16th Field Artillery drill shed is expected to jam the place for the card featuring Tony Rock, 144 pounds from Scranton, Pa., against Mennie Sherman, Detroit boxer, who has defeated Phil Hatcher, Herbie Walker, King Tut, and others.

Rock's record shows victories over Frankie Lee, Eddie Shapiro and six others. He is expected to be a contender to Tommy Romano, who defeated last winter and has been anxious to meet the Albanian ever since. But Tommy won't fight him. He refused to meet Rock here in the star bout tonight.

That the feature between the 144-pound slugger should be a scrap more worthy of its place on top than was the heavyweight brawl won by Lou Power over Chester Matan is suggested by the record of the two smaller and faster boxers who are expected to furnish a brand of action that will have the fans on their feet before the bout reaches the half-way point.

Another scrap that fans look for is a lot of action in the return bout between Tony Rock and the Herbie Walker, who has victories to his credit over Al Dunbar, Jack De Santis and Lew Fields.

Making up the remainder of the card are the matches between Al Gillette, New Bedford, Mass., and Freddie Raymond of New York, 125 pounds; and Ed Cleary of New York against George Chipp, Brooklyn, 175 pounds.

Officials will be Bill Singer, referee; Jack Flinnery and Joe Kelly, judges; Mort Finch, timekeeper, and Sam Riber, announcer.

Those who have not procured tickets may do so at the door.

McLarnin Says He Has Three Good Years

Will Quit Ring Sooner If He Loses The Zip of His Fast One—Insists His Hitting Harder Than Ever.

New York, May 8 (AP)—Jimmy McLarnin plans to retire from the ring—but not just now.

"I figure I have, at the most, three more good years," he says. "Then I'll quit. Sooner, if I lose the zip of my fast one. Then I'm going to get married."

In the meantime, however, the Canadian-born Irishman who now is an American citizen, insists he is hitting harder than ever and promises proof of it when he defends his welterweight championship against Barney Ross, lightweight titleholder, here May 28. He said he had suffered from brittle hands for some time but that they now were toughened up and stronger than at any time in his slugging career.

Although Jimmy signed for the first fight at 145 pounds, two pounds under the welterweight class limit, the champion says he will have no trouble making the grade.

"I weigh under 147 now," he told sports writers, "and I'll be right on the dot at 145 on weighing-in day."

McLarnin will start training at Atlantic City Thursday. Ross will arrive here Friday from Chicago and begin his workouts at Ferndale, N. Y., the following day.

No. 6 School Shades No. 7 By 2-1 Score

Monday afternoon at the Kingston Fair Grounds School No. 2 defeated School No. 7 in a Grade School Baseball League contest by the score of 2-1.

Captain Jim Martin of Kingston High School varsity was the manager for the game which saw Swartout, No. 6 pitcher, strike out 19 men.

Robinson was his battery mate. Bush tossing for No. 7, sent 11 men to the showers. Lane caught.

Robinson led the No. 6 hitters with a double and scored one of the two runs made by the school. Hopper crossed the plate with the other. Campbell scored the line counter for No. 7.

Wednesday afternoon No. 6 will play No. 5 at the Athletic Field.

NO SMOKING—LADIES INVITED

Here are the captains of the three spring sports at Kingston High school. Left to right are Harold Macdonald, captain-manager and star player of the tennis team; Cliff Van Valkenburg, captain and sprinting star of the track team and Jim Martin, captain and ace southpaw of the baseball team that has won three straight against Ellenville, Middletown and Poughkeepsie. Martin is considered one of the strongest and most effective pitchers in the DUSO League.

Kingston High Plays Wednesday Against Saugerties High There

Wednesday afternoon Kingston High School baseball varsity plays its first away from home game of the season, meeting Saugerties High at Saugerties. Starting time of the game is 3 o'clock.

Kingston is the favorite, having won three previous games in a row, defeating Ellenville, Middletown and Poughkeepsie. However, Saugerties has always had a fair baseball team and the Maroon may experience a surprise.

Schryvers To Start Twilight Ball Friday Against Kitty Kelly's Stars

The Schryver All Stars will start their evening game policy Friday night at the Athletic Field, opposing Kitty Kelly and her Manhattan All Stars. Game time is 6:15 sharp.

Having made several changes in the lineup that played here twice last summer, the Manhattans are now considered one of the hardest metropolitan clubs to beat and are in great demand. Last Sunday they defeated the Port Washington team, which holds the championship of Long Island.

In their two appearances here last season, the Manhattans won from the Kingston All Stars, 5-4, in 10 innings at the Fair Grounds, and dropped a close decision to the Jones All Stars at the Athletic Field.

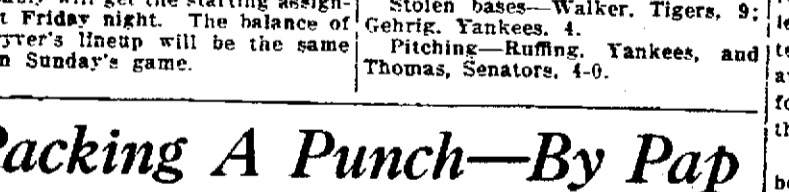

Kitty Kelly, who plays first base for the Manhattans, is nationally famous as a feminine baseball star. She handles the first sack position as well as many male players and is far from weak at the plate. Last season she batted .297 for over 65 games.

Having hit their batting stride with a heavy slugging performance against the strong Mt. Vernon Club last Sunday, winning 10-5, Schryvers expect to make it two straight. The three home runs by Charlie Lay, Tommy Davitt and Johnny Carpenter have given the Lumbermen confidence they need for the balance of their season.

Captain Charles Tiano will have Walt Black, Bill Thomas, Ted Fraleigh and possibly Babe Volker available for pitching duty Friday. Fraleigh and Thomas have both shown to good advantage in games to date, but the Schryver captain is anxious to see what Walt Black can do under fire.

If Black is feeling well he probably will get the starting assignment Friday night. The balance of Schryver's lineup will be the same as in Sunday's game.

One of the largest gatherings ever seen in Hasbrouck Park is expected there this evening for the opening of the Downtown Twilight Baseball League at 6:15 o'clock.

Ever since Jimmy Gorman, prominent baseball figure downtown, and several cohorts started the ball rolling for the organization of the league several weeks ago, much interest has been shown, and sentiment among fans and players is the basis for predicting an overflow crowd at the inaugural.

Opposing teams in the take-off will be Jack Clair's Mayflowers and the Schwenk & Kelly combination managed by "Dolly" Tessio. These are considered as two strong nines, the S. & K. being favored for tonight as the result of the Mayflowers bow to the Poughkeepsie Majestics Sunday.

Regardless of what the experts say, however, in regard to the outcome, Jack Clair believes his boys will be on the long end of the count after the smoke of battle subsides. "My gang only lost by two runs Sunday. This was their first game and that Majestic bunch has some real good ball players. But I guess we'll be right there tonight for more than our share of runs."

The rosters of the opposing clubs are:

Mayflowers—A. Stumpf, John Tomasecki, Frank Tomasecki, Paul Joyce, Steve Diddik, Frank Leskie, Richard Williams, Ralph Williams, Roy Van Buren, Tommy Lewis, Dewey Van Buren, Joe Nicholas, Phil Peters, Nick Huber and Jackie Linden.

S. & K.—Joe Wenzel, Stan Colvin, Larry Wenzel, Phil Kelly, Eddie Minasian, Jim Fraleigh, Bill Lindhurst, Casimir Lucas, Al Long, Had Bassett, "Meb" Johnson, Eddie Baker, John Wolf, Kayo Cullen and J. Scullie.

City Judge Bernard A. Culleton, formerly of the Pittsburgh Pirates, and president of the Twilight League will toss out the first ball this evening.

Umpires officially appointed for the league are William Murphy and Martin Keller.

Two other games will be played this week. Wednesday the Heracles will oppose the Elster Provision Association and Thursday the Ricans A. C. will play the Seneca.

Backgammon to Meet
The final meeting of the Emerick Duckpin League will be held tonight at 8 o'clock at the Emerick alleys on Albany avenue.

The heaviest batting attack in the National League keeps the Pittsburgh Pirates close to the top of the standings despite a combination of misadventures that might have proved fatal to a club less potent at the plate.

Despite the loss of Captain Pie Traynor and Lloyd Waner through injury and illness and the inexplicable failure of Larry French to round into form, the Corsairs have played winning ball from the start.

French yields 11 runs.

French earned his fifth start of the campaign against the Brooklyn Dodgers yesterday and for the fifth time the veteran southpaw was not around at the finish. Drubbed for 11 hits in seven innings and trailing 6-5, Larry gave way to a pinch batsman and Leon Chagnon mopped up to receive credit for the 7-6 victory.

The Pirates eventually pulled out in the tenth on Harry (Cookie) Lavagetto's single following Arky Vaughan's second triple of the game.

The victory left the Pirates in third place, a game behind the Chicago Cubs and a game and a half behind the champion New York Giants, both of whom won. Mel Ott's double in the ninth drove in the two runs the Giants needed to shade the Cincinnati Reds, 3-2, give Carl Hubbell a decision over Benny Ferry, and extend the Reds' losing streak to eight games.

The Cubs uncovered a new right hander, Bill Lee, who gave the Phillies four singles and shut them out, 2-0. Ed Holley pitched well enough to deserve a better fate but fell victim to the Cubs' extra-base hits. The St. Louis Cardinals regained fourth place with a 10-5 victory over the Boston Braves who dropped to fifth position.

Yanks Hit Profusely
Terrific batting by the New York Yankees and Washington Senators marked American League warfare. The Yankees backed up Johnny Allen's seven hit pitching with a long distance attack that included homers by Lou Gehrig and Billy Dickey and trounced the St. Louis Browns, 14-1. The Senators moved into a virtual tie for second place by pounding four Chicago White Sox choppers for 15 hits and a 17-7 triumph. Nine bases on balls helped roll up the score.

John Welch allowed only one hit in two innings of relief pitching against the Detroit Tigers but that one happened to be a home run by Lynwood Rowe with one on in the 11th and the Tigers won, 8-6. The Philadelphia Athletics belted Mel Harder and Belve Bean for 12 hits and sank the Cleveland Indians, 7-3.

Paradise Lost

Joe Amber, better known in Kingston boxing fans as Ott Paradise, is not invincible. The 200 Italian from Herkimer was pointed at Syracuse last night in Steve Halaiko in six rounds.

This proves that no matter how good a scrapper may be, there always one better. Or maybe Amber had an off night. That's possible too.

Fighting here under the name of Ott Paradise, a monicker adopted so he could grab off what little there was in working for the Amateur Federation of Sports Clubs, lost everything Matchmaker Doc Studer put before him.

To local fans, Amber was unbeatable. His defeat last night will be a big disappointment to them.

It was announced at the end of the fight in the Municipal Auditorium that Amber would return to Kingston as a pro, but when negotiations were started to sign him, his manager wanted the whole house and then some, according to Doc Studer.

For last night's fight, Amber weighed 135, Halaiko, 140. That five pounds advantage may have had something to do with the outcome.

Ladies Like 'em Too.

At the fights for the Legion welfare fund last month in the Municipal Auditorium, there were many more ladies than the group of boxers usually seen at boxing matches here and according to the number of feminine voices that ordered ducats, there will be even a larger turnout of females at the scrap tonight.

One reason for the ladies turning out, besides the thrill they get out of the manly art, is because no smoking is allowed in the new hall. Members of the fire department see that this rule is strictly enforced.

Judge Back on the Mound.

City Judge Bernard A. Culleton, formerly of the Pittsburgh Pirates, will make his first appearance on the pitching mound this season tonight when he tosses the first ball to start the Downtown Twilight League at Hasbrouck Park. The judge once was the star twirler for the Kingston Colonials and went the full route, improving as the game progressed, but tonight he'll retire after he grooves that one across the plate.

Duckpin Meeting.

Bowlers who expect to roll in the Duckpin League at Homer Emerick's are reminded of the meeting to be held there tonight at 8 o'clock. The league will start Thursday, May 16.

Freeman Printers Bow to Democrats At Block Park, 9-3

The Seventh Ward Democrats got to Nick Huber for eight hits in their opening game at Block Park Monday evening and outscored The Freeman baseball team, 9-3. Seven errors were committed by the printers and four by the Dems whose pitchers was "Tody" Uhl who gave only four hits.

OPPORTUNITY

Spring's In The Air—And It's Running Rampant—Looking For You!

EVERYBODY, the cop on the beat and the boss in his limousine, feels an urge in every zephyr. The maid wants to get married, the youngsters want to sign up for summer camp; you cast a doleful eye on the old bus and everybody agrees it's time to find a new place to live or completely disguise the present camping ground.

Time was when spring yearnings were suffered in silence. Time was when a dose of sulphur and molasses was always at hand for those who gave voice to their discontent. But today, it's a different story. Opportunity is as close to you as your telephone.

Whatever your wants may be, you'll find satisfaction waiting for you in the classified columns.

Chancery Court Rules Against Merger Foes

International Mercantile Marine Co.'s Motion Against Unlawful White Star Lines Dismissed Since Opponents Held No Shares, Judge Says.

London, May 4.—The International Mercantile Marine Company's motion for an injunction restraining the Cunard-White Star Shipping Lines merger was dismissed by the chancery court today.

Justice Eve, in delivering the judgment, said it was impossible to hold that I. M. M. was entitled to maintain the action, since a majority of its shares were held by the plaintiff for a shareholder in the company.

The International Mercantile Marine Company is incorporated in New Jersey. The president is R. A. Frazar of New York.

Fighting the merger, which is sponsored by the British government, the White Star line owned by the White Star Line, owned his concern \$11,000,000 for 25 ships. He added that I. M. M. had a stake in the Oceanic Steam Navigation Company, owner of White Star, as collateral.

Under the merger, the company would receive 65 per cent of the stock in the new corporation. Injunction proceedings were filed March 26.

In his ruling, Justice Eve held that I. M. M. was not a shareholder in the Oceanic.

Explaining that the shares in question were vested in the trustees, the justice held the American company's interests were limited to having the proceeds of the sale applied towards any money due it.

The I. M. M. had contended the merger would in effect be a sale of the assets and undertakings of the Oceanic, which was outside the power of both the company and its directors.

Concluding today, Justice Eve said: "It is well settled that the court has no jurisdiction to adjudicate upon differences of opinion which have arisen over the conduct of the company's business and the wisdom of the policy which has been adopted."

Not Enough Present To Form a Quorum

The taxpayers of the city, or at least such of them as belong to the Kingston Taxpayers Association, are apparently not interested in a proposed plan to examine and compare the assessments as levied for and in the city of Kingston.

It had been anticipated that a resolution would be introduced at the regular meeting of the association at the city hall Monday evening, providing for the naming of a special committee to examine assessments and make a report with recommendations.

However, but seven members of the association, including Honorary President Jay Terry and Secretary Andrew Ferguson, were on hand at the hour for opening the meeting of the association and after waiting until after 8:30, Mr. Terry announced that inasmuch as there was no quorum present they might as well adjourn.

INTERESTING AND AMUSING DISPLAY OF HATS HERE

Styles of yesteryear are brought back to memory in a very amusing manner through a display of hats in the show window of the Carl Millinery Store on Wall street.

There on display are hats of the "gay nineties" and even back as far as 1850. The display is very interesting and amusing comments are heard from those who can recall the days when the styles on display were the latest word in millinery.

The young women of today usually comment on the ridiculous styles of the past while those who can recall girlhood days when they wore the styles shown are frequently heard to say in a rather haughty manner that the styles of today are just as ridiculous.

The display is made by Gage and shows the styles of Gage from 1850 up to date. Each hat is labeled with the year of its origin and included in the display are small rather dainty headwear models of past years, the huge "peachbasket" straws of a few years ago as well as the big wide brimmed velvets adorned with flowing feathers.

Legion Meeting To Plan For Memorial Day Here

Morton Finch, chairman of the American Legion Memorial Day committee, has called a meeting of all patriotic organizations for Friday evening at 7:20 o'clock at the Legion Memorial Building on West O'Reilly street. The various organizations are requested to send delegates to the meeting at which time arrangements will be made for the annual Memorial Day observance. A program will be outlined and committees will be appointed.

Flashes of Life Sketched in Brief

By The Associated Press
Rising to the Occasion
New Castle, Pa.—Scouts were scarce at the spring football game between Ben Franklin High School and Erie Academy—but a whole section went unscouted.

A sign on the empty section told the story: Mother Robin had built her nest there; she preferred seclusion; there were bright blue eggs in the nest. So the fans roared.

Can—But Won't—Take It.
Milwaukee—C. O. Davis, superintendent of street sanitation, hasn't taken a vacation in 22 years.

The common council ordered him to take three months leave with pay and see the world.

But Davis insisted that all he wanted to see was the ash hauling and street cleaning.

His Dream Came True
Atlanta—P. H. Hughes, 32, dreamed that he was in a burning building, that he was jumping out the window—and he did.

He crashed through a screen, fell five feet, and was taken to a hospital with a broken leg.

Plumbing the Darkness
Springfield, Mass.—Sixty electricians were attending a meeting in the Central Labor Union Hall when the lights failed.

The custodian of the building—a plumber by trade—fumbled with fuses, switches and wires in the cellar, while the electricians listened calmly to the speaker.

Enough Is Enough
Arran, Saskatchewan—Marlene Fraser, two years old, listened too long to the rumble of an approaching train.

She held her ear to the rail as she had seen other children do. The engineer stopped the train two feet from her.

His Ups and Downs
Philadelphia—"Slim" Jones went underground for 73 days in a "buried alive" stunt when the weather was cold. Then he soared upward with the mercury.

He had himself frozen in ice and carried by airplane from Philadelphia to Newark, N. J. Now he claims a two-hour record for icing.

His Last Mass
Pittsburgh—Summer and winter, Patrick Joseph Hickey, 15, arose
